I. Purpose:

The purpose of this policy is to establish uniform standards for the Parks, Recreation and Facilities Management Department to equitably administer the scheduling and use of City of Appleton athletic facilities by the Parks, Recreation and Facilities Management Department and other community groups, organizations and individuals. This document also establishes a policy for administering rules and regulations, policies, fees and charges for tournaments, community events and/or personal use.

II. Policy:

This policy authorizes the Parks, Recreation and Facilities Management Department to effectively schedule and manage City of Appleton outdoor athletic facilities, including ball diamonds, courts and multi-purpose fields in City parks. This policy also authorizes the Parks, Recreation and Facilities Management Department to charge fees for the use of athletic facilities within the rate schedule established by the Parks and Recreation Committee and City Council. To effectively schedule, manage, protect facilities, and promote the wise use of the athletic facilities, this policy authorizes the Parks, Recreation and Facilities Management Director and/or designee to:

- Designate those athletic facilities available for use by the community.
- Designate the types of activities allowed on the athletic facilities, including practices, games, matches, special events, etc.
- Schedule the athletic facilities to allow for the effective use and maintenance of all athletic facilities without compromising the integrity of the facilities.
- Limit and/or close athletic facilities for renovations, upgrades, other events/activities that may impact the facilities.
- Determine “normal and ordinary use guidelines” for athletic facilities consistent with established standards to manage the facilities for continued and consistent community use. “Normal and ordinary use guidelines” may impact scheduling and availability of athletic facilities.
- Cancel and/or relocate any reservation that has the potential to threaten the integrity of the park and/or facility due to: misrepresentation of information on the Facility Reservation Agreement, conditions of the facility or grounds that would potentially create an unsafe situation, and/or if use of the facility by the group/organization may result in damage to the facility that is beyond the normal wear and tear of facility. Limit the number of weekend reservations for facilities for anyone or any group, organization or individuals that would

dominate the use of a facility and/or restrict equal opportunities to reserve facilities by members of the public at large.

- Deny any facility reservation application if the expected attendance would exceed the safe capacity of the facility so as to endanger public health and safety or compromise the condition of facilities and/or natural resources.
- Enforce park rules, regulations, and policies.
- Require insurance coverage with limits established by the City Risk Manager for activities or events that are beyond the scope of the “normal and ordinary use guidelines” established by the Parks, Recreation and Facilities Management Department.
- Require a security deposit and/or performance bond for activities or events that may impact the integrity of the facilities and require significant repairs to the facilities that would limit the future use of the facilities.
