

## **Opportunities for Volunteer Involvement in The Scheig Center Gardens**

- Gardens maintenance: weeding, mulching, deadheading, planting /transplanting, watering.
- Bed Diagramming and identification: drawing the plant locations in beds and identifying any with which you are familiar.
- Community Outreach: helping with garden tours or other educational programs.
- Social media content contributor: providing photos and/or short accounts of flowers, animals or events in the gardens for use on the Friends Facebook or web pages.
- Share Information: Do you have an area of expertise which would benefit the Gardens?
- Become active on the Friends Steering Committee.
- Education: Are you new to gardening and looking for a way to learn more? Our volunteers are very knowledgeable and happy to share with others. Join us and help make The Gardens a better place as you learn how to improve your own.
