

# APPLETON WE ENERGIES TRAIL PHASE 1

## PROJECT BENEFITS

WisDOT: 4984-01-80

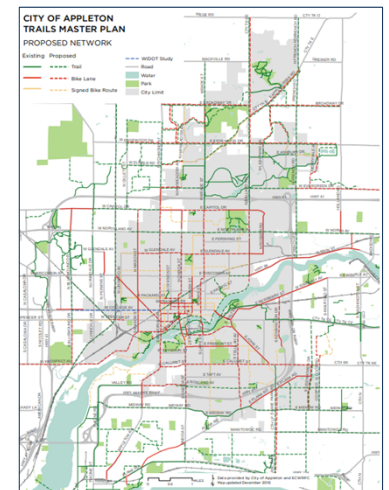

### 1. MEET THE CITY OF APPLETON'S GOAL TO CREATE A SYSTEM OF INTERCONNECTED TRANSPORTATION FACILITIES

- City of Appleton Trail Master Plan
- City of Appleton Comprehensive Plan (2010-2030)
- 5-year Bike Lane & Trail Plan
- City Transportation Plan
- Appleton Comprehensive Outdoor Recreation Plan
- Fox Cities and Oshkosh MPO Bicycle and Pedestrian Plan – 2014
- Fox Cities and Oshkosh MPO Long Range Transportation/Land Use Plan

### 2. FIRST SECTION OF MAJOR EAST-WEST MULTIMODAL CORRIDOR ON APPLETON'S SOUTH SIDE

- Accommodate different types of trail use –transportation, recreation, fitness
- Enhance access to businesses, parks, schools, and public transit
- Accommodate use by multiple user groups – walkers, runners, bicyclists, rollerbladers, parents with strollers
- Provide opportunities for social interaction and healthy living
- Connection to major North-South transportation corridors

### 3. ENVIRONMENTAL AND PUBLIC HEALTH BENEFITS

- Increased multimodal transportation opportunities can reduce automobile trips
- Opportunity for pollinator friendly plantings within the We Energies Corridor
- Improved land-use opportunity within the utility corridor with strong support from We Energies
- Increased outdoor recreational opportunities which is proven to improve physical and mental health
